

SYSTEM ADMINISTRATOR POSITION

Riopel Consultant Inc. is currently seeking a System Administrator.

About the company:

Riopel Consultant, of Saint-Jérôme, Quebec, which has been operating since 1998, is currently looking to fill the position of System Administrator. We work in IT, offering professional and technical support services to our clientele made up of companies of various sizes. If you like a fast-paced, constantly stimulating work environment, this is the place for you! The position is opening up as a result of company growth.

Responsibilities:

Analyze and resolve customers' problems over the phone, via email, or during site visits for the servers.

Manage and follow-up on problems and requests in a timely manner.

Plan and coordinate updates for the servers and equipment in the computer inventory.

Requirements:

College degree or Microsoft certification

5 years of relevant experience in server-side problem diagnostics and resolution

Spoken bilingualism is an asset

Good knowledge and experience of Windows server environments

Ability to offer technical assistance: All Microsoft products

Ability to offer user assistance: MS Office and other various software

Proficiency with corporate backup systems

Good knowledge of AD, GPO, DNS and VPN environments

Good knowledge of corporate routers

Focus on customer service, self-motivation and autonomy

Excellent analytical skills and speed of work

Organizational skills, good communication skills and focus on service quality

What we offer:

Riopel Consultant offers a work schedule of 40 hours a week. In addition, we allocate a cellphone and a vehicle to each technician to travel to our customers' work sites. But most of all, working at Riopel Consultant means enjoying a friendly, respectful and family-like atmosphere.

Interested in this position? Send us your CV. Don't miss out on this opportunity to join our company, which has established itself as a leader in the Laurentians.

Please send your CV by fax or email.
