

## DEVELOPER POSITION

Riopel Consultant Inc. is looking for a developer.

### Company description:

Riopel Consultant a company in operation since 1998, located in Saint-Jérôme, is currently looking to fill a developer position. We work in the field of information technology by providing professional and technical support to our customers composed of companies of different sizes. If you like things to move and nothing to be routine, you will be happily rewarded! The position is open due to the expansion of the company.

### Responsibilities:

We are currently looking for a developer who will be responsible for developing and maintaining the company's various web systems and applications. You will have to contribute to the design, development and implementation of web solutions.

### Requirements:

- Level of studies completed: DEP or AEC ;
- Skills in oral and written communication (French and English), and technical writing ;
- Ability to be efficient both remotely and face-to-face;
- Good initiative and comfortable working in a team or individually;
- Excellent investigative and problem solving skills;
- Good listening skills, attention to detail and concern for customer satisfaction;
- Good organizational skills and concern for a job well done, in anticipation of the evolution of different applications.
- Knowledge of the following languages: PHP, MySQL, HTML, CSS, Wordpress, Laravel

### The company will offer you:

The company will offer you: Riopel Consultant offers a work schedule of 40 hours per week. In addition, we offer a multitude of advantages, see our website! But most of all... working at Riopel Consultant means working in a friendly, family-oriented team atmosphere based on respect.

Are you interested in this position? Send us your C.V. and don't miss the chance to join a company that has become a leader in the Laurentians.

Please send us your resume by email.
